### Youth and Young Moll Captured In Gun Battle

QUEBEC, B.C., April 14.—(CP)—A defiant pair of lovers—a 19-year-old youth and his 16-year-old gun moll—stood off a police posse more than 12 hours today on a high plateau in the northern British Columbia wilderness.

Police smoked the couple out of a lonely log cabin with tear gas bombs and the two fled to the bush. The posse finally tracked them to a steep ridge where a police bullet felled the girl as she prepared to open up a fusillade on police. The girl was only nicked in the leg.

The couple—Bert Lagace was the only one identified by police—held up in the cabin 18 miles west of here after fleeing their Quebec home Tuesday night on a wild rampage of breaking and entering.

ABDUCTION CHARGE. Police had a warrant charging Lagace with abduction. They added, however, the high school girl had fled with Lagace of her own will, defying her parents' orders to stay away from the youth.

The posse waited till dawn before attempting to rush the cabin. Then they moved in with tear gas bombs. The girl shouted from the cabin to her father as he pleaded with her to come out: "I'll see you in a—first."

The girl yelled to police: "If you want me, you'd better bring a coffin."

Four tear gas bombs were hurled through the tiny windows of the ramshackle log cabin. One came back and hit a game warden on the head.

As police moved in under cover of rocks and trees, the two youthful desperadoes ran from the rear of the cabin and into the bush.

DOG REVEALS PAIR. Police fanned out in the area some 400 miles north of Vancouver—trudging through deep snow.

Several Houses At Brilliant, B.C. Are Destroyed

BRILLIANT, B.C., April 14.—(CP)—The Sons of Freedom, Douthborer radicals were on the march today, staging a fire-raid which destroyed several houses here. Police moved in fast as the bryan-chanting Doukhobors milled around the scene of the first. Thirty-six of the men were herded into racks and taken to Nelson, 25 miles south for questioning. No charges have yet been laid.

The 40-year-old home of John J. Verigin, grandson of Peter Verigin, the original Doukhobor leader of the orthodox Doukhobors, was dragged from his bed after his housekeeper and her husband were seized.

**SPRINKLE GASOLINE**  
Gasoline was sprinkled over the house and the porch as the riotous smashed windows to help spread the flames.

Soon, several smaller houses nearby were lit, and all were destroyed. The occupants escaped injury.

As the flames took hold of the building, Verigin was released by the members of the raiding party who started to pray and chant.

The housekeeper eluded her captors shortly before 1 a.m., and sounded the alarm.

Police reported the men were members of the Sons of Freedom, held responsible for many acts of terrorism in the Kootenays a decade and a half ago.

**REGARDED AS SHRINE**  
The Verigin home, built by Peter Verigin, who died in 1904, was regarded as a shrine by the orthodox Doukhobors, who refused to fight in the world wars.

The radicals were men, mostly young, and unlike previous Doukhobors, no women were present at the raid.

Among the thousands were long-haired Brahmins (holy men) who poked along stark naked.

They were given special bathing rights before the pool was thrown open to the public.

The others had to wash their lives to bathe in the waters where Hindu gods were supposed to have spilled divineectar millions of years ago.

### Windsors Eye Possibilities In Oil Game

By PAT McVIEAN  
Bulletin Staff Writer

CALGARY, April 14.—Fever of Alberta's oil search is contagious. It climaxes even the Duke of Windsor as a victim.

The Duke spent yesterday conferring with geologists and officials of the Royalite Oil Company, and hinted that his \$20 ranch may become the site of drilling operations.

"I have always been interested in oil," the Duke said, but no definite plans for oil development at the ranch have been completed yet.

He expressed interest in the Royalite-Scout-Parkland No. 1 well which is being sunk only 1500 feet from the property line of his ranch.

The well has about traces of oil and gas in limestone formation. The Duke's 40-acre ranch is located in the rolling foothills about 10 miles due south of the extreme south end of the once fabulous Turner Valley oil field.

**ONE DRY HOLE**  
"He holds oil, gas and minerals rights to the property," said a local official.

The Duke treated optimistically his previous unsuccessful venture into the oil business.

In 1941 a well drilled on his property was soon tagged "dry hole," but that, the Duke believes, is one of the failures that led to success.

But whether his rumored new venture ultimately proves successful or not, the Duke will always be a full-fledged oil man.

Members of the Calgary Petroleum Club with whom he lunched yesterday, presented him with a check for \$25,000.

## First 'Jetmail' Leaves Tuesday

**The Nation**  
A sleek, gleaming Canadian jet airliner will take off from Matton airport, Toronto, Tuesday, with the nation's first load of "jet-mail," and will land at New York's Idlewild airport, 30 minutes later.

That was the hope of A. V. Roe Company officials, who lined up an elaborate send-off for the Avro Jetliner prior to its history-making flight to New York.

Mayor Hiram Callahan will light a pipe of peace, to be kept in for the entire trip to Manhattan and placed in the mouth of peppy New York Mayor William O'Dwyer.

Canada's tourist season outlook this year is bright, D. Lee Dolan, chief of the government travel bureau, said last night.

Inquiries were received from United States residents, he said the second annual convention of the Alpina Tourist Operators' Association.

April 24 may be the date for the Dominion-Provincial conference which will decide on a route for the \$500,000 Trans-Canada Highway; it was reported in Toronto yesterday.

Highways Minister Doherty will represent Ontario at the conference, expected to conclude an agreement for the construction of the highway. The federal government is to pay half the highway cost.

Andre Robert, eight-month-old son of Mr. and Mrs. Gaston Robert of Montreal, choked to death last night when a pill stuck in his throat. Police said the baby was undergoing treatment and the pill was the third administered him.

**The Neighbors**  
In Washington Harry S. Truman, who has just embarked on his sixth year as president of the United States, said today the

U.S. is prosperous and the world situation improved.

He made this report to a press conference after looking back over five years in the presidency—years that have spanned the gloomiest months of a world convulsed by the subsequent period of cold war.

A youth in Dallas, Texas, who left a note in his hotel room saying "I'm going to kill" was captured in a running gun battle last night after seriously wounding three persons.

Detective Captain Will Fritz said the man told him he was Arthur V. Gittings of Bethlehem, Pa.

Police said the note, written on a picture frame, declared: "Tonight, I'm going to kill. Who? I don't know. I have communicated with my superior as a deceased individual. I can't help myself."

In New York three boys were rescued by police helicopter from Jamaica Bay after a companion saw them for help from their stranded rowboat. Winds and tide prevented the quarter from making shore.

So 15-year-old Donald Donnelly swam about 500 feet to a railroad trestle. He flagged down a train that took him to police. The helicopter made two trips to pick up the stranded boys.

Frederick Bechtold, 76, author, died in hospital in Carmel, Calif., last night after a brief illness. One of his most successful novels was "2001," a story about prison life. He also wrote many western stories.

**The World**  
Tribuna Popular, official newspaper of the Venezuelan Communist party, was suspended indefinitely yesterday by the government. The Conservative party newspaper El Grafico was suspended for three days. The announcement said both suspensions were for failure to submit to censorship material of a political nature used by the party.

**OFF TO BANFF**  
His signature—"Edward, Duke of Windsor"—is first in the club's new register.

The Royal club member gave his address as the EP Ranch. The Duke and Duchess left today in their private railway car for Banff—to spend a day in the mountain resort where spectacular scenery has already endeared it to the Duke.

For the Duchess, today will mark her first close-up of the Rockies, although the mountains are viewed from the EP ranch veranda.

"And they're lovely," she exclaimed when she viewed them from the ranch Wednesday.

The Royal couple will spend today in Banff and then return through Calgary on an east-bound train to Ottawa where they will be the guests of the Governor-General and Vicecountess Alexandra.

Before they left Calgary, the Royal couple received one of the Duke's oldest friends—His Honor J. J. Bowlen, Southern Alberta rancher who was recently appointed lieutenant-governor of Alberta.

**UNOFFICIAL VISIT**  
The visit was not an official one and the two ranchers spent most of the time recalling highlights of the Duke's previous visits.

The Duke also signed the guest book of the Alberta No. 1 Ranch of the Canadian Legion for Legion secretary H. E. Miller.

He referred back to a special page which bore the single signature "Edward P." and a 1930 date. He had signed the book previously 21 years ago when, as Prince of Wales, he turned the first sod for the Legion's headquarters building.

**Gov't Criticized By U.S. Resigns**  
ATHENS, Greece, April 14.—Premier Sotiropoulos Vassiliou resigned today and King Paul asked Nicholas Plastiras, an anti-Communist leftist to form a new government.

Vassiliou, who was under strong American criticism, was understood to have stepped aside to permit Plastiras to form a three-party coalition. It would include Venizelos' Liberal party.

Plastiras, although a leftist, is strongly anti-Communist.

**Gas Application Hearing Adjourns**  
Jumping Pound, Pincher Creek Gas All Needed By Calgary  
Special to the Bulletin  
CALGARY, April 14.—By 1962, Calgary peak load gas requirements will be taking all the gas from Pincher Creek and all the gas from Jumping Pound, R. C. Hetherington, Westcoast Petroleum and Natural Gas Conservation Board Thursday.

The hearing adjourned Thursday afternoon. It concluded all the Westcoast evidence except a few minor matters to be taken up at a future date.

The Northwest Natural Gas Company will ask for an adjournment of its case until May 26. Westcoast Pipelines applying for a pipeline to the east will appear June 19 and ask for an adjournment until Sept. 26.

It is expected that Prairie Pipelines may also ask for an adjournment, possibly until fall.

Previously, Albert Brownie, president of Canadian Western Natural Gas Company had said that Calgary faced a crisis this coming winter. New sources of gas supply to meet Calgary peaks must be worked up very soon.

The Hetherington testimony offered an immediate solution to the gas problem and the fulfillment of the contract to supply gas for the next 30 years into the future.

**NORTHERN SUPPLY**  
The hearing which would take all southern Alberta gas northward, offering Calgary a sure supply of gas, would probably result in a long-term supply of gas to the city.

On the basis of the evidence, it became immediately apparent that Alberta could not afford to allow Jumping Pound and Pincher Creek gas to be taken out of the area and into the province, leaving Calgary in the lurch in years to come.

D. P. McDonald, K.C., speaking for Westcoast, offered the guarantee that if Alberta's requirements could be met by the province, the pipeline requirement would be dropped.

In other words it was policy at the company that Alberta and Canada would always be first.

At the same time, Dr. Hetherington presented detailed evidence that Alberta's requirements were sufficient to provide 30 years of deliverability of gas and available reserves for a further 20 years, in accordance with the expressed policy of the Alberta Government.

In addition, he proved reserves provided deliverable gas for the export time in excess of 25 years, which was more than sufficient to meet the export requirements.

**SOURCES OF SUPPLY**  
On the basis of Gas company's requirements, Dr. Hetherington took Canadian Western demands at 84 million cubic feet a day average, 200 million peak in 1961. Peak requirements would be supplied as follows: the entire Pincher Creek output, 60 million; the entire Jumping Pound output, 36 million; the entire Turner Valley output, 25 million, as compared with its present 95 million; four million from Foremost, 37 million out of storage from Viking-Kinsella. This last would be gas produced by other fields during summer months but stored in Viking-Kinsella.

Dr. Hetherington's comprehensive report gave all requirements for all purposes each year for the first five, and then for five year periods up to 30 years. His table showed for Alberta fields and wells the amount which would be produced by each field and where it would go.

Doctors say that short periods of relaxation, spaced through the day, are just as helpful and important as time spent in bed.

# American Tariffs Will Be Lowered

Canada Chief Benefactor As U.S. Helps Dollar Earners

By John A. Seall

WASHINGTON, April 14.—(AP)—The United States gave notice yesterday it would try to lower American tariffs on about 2,500 items as part of its campaign to help other countries earn more dollars.

## Tariff Cuts Welcomed

OTTAWA, April 14.—(CP)—Canadian trade officials expressed pleasure last night over United States progress with plans to make further reductions in American tariffs.

But they questioned whether all items set forth in a 78-page list made public in Washington last night would be negotiated by the U.S. at the forthcoming tariff-cutting conference at Torquay, England, Sept. 28.

Publication of the American list is made in line with U.S. statutory regulations for the purpose of obtaining the views of U.S. business men, the officials explained.

**LODGE PROTEST**  
Any U.S. producer can scan the list and lodge a protest at public hearings which the U.S. government must hold. If the producer presents a good case why the U.S. should not cut tariffs on that item, then it may be dropped from the list.

However, if no protests are lodged, officials said, Canada stands to gain from the possible reductions on such items as dairy products, fish, whiskey, paper and toys.

By executive decree, President Truman can reduce tariffs by 50 per cent on the level of Jan. 1, 1945. This level has been reached on butter, but not on Cheddar and Oka cheese—two items Canada would like to sell in greater quantity in the U.S.

**TARIFF-CUTTING**  
Similarly, there is still a bit of room for tariff-cutting in paper and fish and other items—especially toys. Germany, among other countries, has been pressing the U.S. to cut the high 75-per-cent tariff on toy imports, but nothing has been done up to this point. If tariff concessions are given to German toys, Canada also will benefit. Con-

## SPEED COPS SPEED TOO, IN MANITOBA

WINNIPEG, April 14.—(CP)—Manitoba motorists raised their eyebrows yesterday. They were told that speed cops chasing speeders are breaking the law.

R. H. Baillie, commissioner of taxation made the statement before the legislative law amendments committee. He said that unless a "moving clause" is put into the law to exclude police, the day may come when speeders will be just about home-free.

The committee has the matter under study.

## Bikinis Get OK For PNE Girl Parade

VANCOUVER, B.C. April 14.—(BUP)—Bathing suits worn out over evening dresses in a "purity poll" conducted by the Vancouver Sun today.

Seventeen persons were canvassed on whether the attractions of Miss "Pacific National Exhibition" contestants are better displayed in the light or the more formal attire.

The poll was close, however. Nine men and women said "yes" to the bikini. Seven said "no" with one neutral.

Six of nine women favored bathing suits, with the stipulation "they should not be scanty."

Surprisingly, only three men endorsed swimming suits for the beauty contestants.

The issue of debate is causing headaches among PNE directors in Vancouver. After a prominent motion picture director and band leader said bathing suit contests are degrading and undesirable,

the PNE board of directors is divided. The board of directors is divided. The board of directors is divided.

## Radio Station Controls 'Threaten Free Speech'

OTTAWA, April 14.—(BUP)—Parliament has raised a fundamental threat to freedom of speech and of the press by establishing controls over radio stations, a leading radio official charged today.

George C. Glasier, manager of CJOR, Vancouver, objected strongly to the Canadian Broadcasting Corporation's control over private radio stations in a brief presented to the Royal Commission on Arts, Letters and Science.

He agreed that some restriction of a technical nature were necessary to effect orderly use of the spectrum.

**NO NEED TO APPLY**  
Beyond this there does not seem to be the need for applying any further regulations . . . (other) than the rule of law that apply to other means of mass communication and expression.

"The vesting of wide regulating powers by parliament to a regulatory authority indicates a line of thinking which is a fundamental threat to freedom of speech and freedom of the press," Glasier said.

"Had the press been established at the time of broadcasting, and for some reason it was decided to license the press, then we would surely find the same set of special rules and regulations hampering the press," he added.

**NATIONAL SYSTEM**  
Yesterday, A. D. Dunton, chairman of the board of governors of the CBC, indicated that the national system might not be satisfied with an increase in the licence fee to \$5.

If the increase was granted, the CBC would probably have to ask for a review of the situation again in five years, he said.

The Radio Manufacturers' Association presented a brief which objected to the licence fee. The CBC refused to permit private stations to form a network.

## LEGAL ACTION MAY ALTER MAN'S WILL

VANCOUVER, B.C. April 14.—(BUP)—Vancouver may take legal action to alter a dead man's will.

Jonathan Rogers left \$100,000 to the city for a new park, stipulating its location.

But the town planning commission thinks the site unsuitable and is meeting park representatives next Tuesday to settle on another location.

The commission will request city council to alter the bequest provision in Rogers' will.

**Millions Starve**  
HONG KONG, April 14.—(Reuters)—Official Communist despatches from Peking today admitted there are 10,000,000 starving refugees in the Central and South China region since the despatches said that figure had been given by Gen. ## NEW X-RAY METHOD BARBECUES PATIENT

NEW YORK, April 14.—(AP)—X-ray is focused so that its principal strength hits at about the site of the cancer.

Such rays, however, burn all the tissues through which they pass before reaching the deep cancer. Frequently the amount of X-ray which can be given the patient are limited by the amount of burning of the healthy tissue.

Nanda Devi, a 25,646-foot-high Himalayan peak, is the highest summit ever climbed by man.

This new method is used to treat cancer deep within the body. The

**Remember?**  
When you ask for a loan at the B of M . . .  
you do not ask a FAVOUR\*  
WHEN the housewife calls at the grocery store and orders a supply of provisions, she is not asking a favour . . . she is buying goods for which she will pay on delivery . . . purely a matter of business.  
So with your bank. It is a business proposition just as much as the grocery store.  
The banker deals in groceries . . . the banker deals in credit.  
And as the making of loans is one of the principal ways by which his bank derives its revenue, he is as anxious to sell his credit as the grocer is to sell his groceries. And like the grocer, the banker naturally wants to know that he is going to be paid for his goods . . . that his loan will be met when they fall due. That, too, is only good business.  
When you have occasion to ask for a loan, look at it this way. Come to the Bank, not feeling that you have to ask a favour, but to offer the manager a sound business proposition which will be of profit both to you and to his institution.

Hundreds of thousands of Canadians in all walks of life have since proved for themselves, by the experience of borrowing at the Bank of Montreal, the full meaning of this message . . . that if your proposition is sound, there's money for you at the B of M.  
Yes, when you ask for a loan at the B of M, you do not ask a favour.

# Says Red Subs May Be Seeking Korean Vessels

LONG BEACH, Calif., April 14—(AP)—If there are foreign submarines off California's coast, they may be Russian or Korean vessels, says a top U.S. Navy official.

Admiral W. V. Smith, 43, supervising the reconditioning of the vessels, said that it is why he can not give their sailing date.

The admiral, who founded the Korean navy two years ago, said in an interview the three ships are 175-foot former United States patrol type submarines and were purchased from a local dealer in war surplus craft.

He said the Korean navy now has about 100 vessels, which help prevent Red infiltration from North to South Korea and help catch smugglers.

# Truman Change Said Necessary

NEW HAVEN, Conn., April 14—(AP)—William C. Bullitt, former American ambassador to Russia, said today that if President Truman "is to act in time to save our country from conquest by Stalin, he will have to change his thinking quickly." Stalin, controlling 800,000,000 people, "will not stop," said Bullitt in a speech at a meeting of the International Relations Club of Yale's Pierson College. "He can only be stopped."

# Irish Ambassador Presents Credentials

OTTAWA, April 14—(UPI)—Sean Murphy, Ireland's first ambassador to Canada, presented his credentials to the governor-general, Viscount Alexander of Tunis, at a brief formal ceremony yesterday.

External Affairs Minister Lester B. Pearson and protocol chief Howard measures were also present for the occasion. Murphy stayed for lunch with Lord Alexander.

## Gov't Blamed For Disaster At Texas City

HOUSTON, Tex., April 14.—(AP)—A federal judge yesterday pinned responsibility for the Texas city disaster on the United States government and accused the government of "blunders, mistakes and acts of negligence."

More than 300 persons were killed in April, 1937, by explosions and fires which turned the Texas harbor town into a hellscape. The disaster began with an explosion aboard the French-owned freighter Grandcamp, carrying ammonium nitrate. (The world's largest shipwrecked property damage at \$10,000,000.)

Judge T. M. Kennedy ruled in a test damage suit. He then extended his ruling to cover \$200,000,000 in damage suits filed by 8,485 parties.

The 76-year-old jurist's ruling—three days short of three years after the great disaster—means each of the suits must be tried separately before a federal judge on its merits. The most trial of the \$200,000,000 in damage suit was to determine liability.

It is the largest damage action ever brought against the U.S. government.

## JACOBY ON Canasta

FOR BEGINNERS—13

Through this column we have been watching the beginning of a game of Canasta. North has just had his second turn to play, and he has taken the discard pile and meld of three sevens and four aces.

After picking up the discard pile and arranging it in his hand, North has the following cards:

A-A-K-Q-Q-J-8-8-7-3

Should he put down the two queens and the two sevens, adding those cards to his meld? Should he put down only some but not all of those four meldable cards? Or should North hold them all in his hand?

North decides to hold them all. In his hand, for reasons that will be discussed in the section for advanced players. Hence his only thought at the moment is to choose the best discard.

He does not want to discard one of the aces or one of the queens, although in some situations such a discard would be his best play. He does not want to discard the Jack aces, as we shall see, that would help the enemy.

He prefers not to part with the black three at this point, on the theory that the safety of this discard will mean more later on. He prefers not to discard an ace, partly because he has a pair of them and partly because it is usually unwise to discard an ace after the first round of play (and usually then, too).

By the process of elimination North comes to a choice among Jacks. Any one of these cards would make a good discard at this stage, and North actually decides to discard the king.

EXPERIENCED PLAYERS—12

Why does North decide not to add the queens and aces as described in the section for beginners to his meld? Was this a wise decision or a poor play?

It was a wise decision, but a close choice. He was influenced one way by one principle of play, and another way by a different principle.

In favor of melding was the principle of establishing as soon as possible a base of four (or more) natural cards. The establishment of such a base makes it possible to build a canasta, and good players therefore make a base quickly.

Against melding was the principle of keeping a goodly number of cards in your hand at all times—particularly towards the beginning of a hand. If you deplete your hand, the enemy may freeze the deck and keep you from getting the discard pile.

The decisive point in this case was the fact that North had picked up his two extra queens and his two extra sevens from the discard pile. Hence South could be presumed to know that his partner had the extra queens and sevens in his hand.

If South, acting on that knowledge, later added a seven, a queen, or a wild card to the meld, North would be able to add his held-up cards at that time. In the meantime, North could keep the seven and queens in his hand to guard against a freeze.

## History-Making St. Roch Visits San Francisco

SAN FRANCISCO, April 14.—(AP)—A ship which has made history in the rigid Arctic Ocean sailed into the Golden Gate for the first time yesterday.

The RCMP patrol vessel St. Roch tied up at this warm water port en route to Halifax, Nova Scotia. It came from Vancouver.

The St. Roch, when it reaches Halifax, will be the only ship to have sailed completely around North America. Already it is the only vessel which has made a round trip through the Northwest Passage.

Sgt. Frederick Farrar, third mate of the St. Roch, will be the first man to circumnavigate the continent, when the 323-ton schooner's present journey is finished.

The president of the United States has a salary of \$100,000 a year with an annual tax-free expense account of \$50,000.

## Police Corruption Enquiry Finishes

Detroit Testimony Doesn't Bear Out Magistrate's Charge

By William R. Dalglish

WINDSOR, Ont., April 14.—(UPI)—Investigation into charges of vice activities in this border city and of corruption within the city police force ended Thursday after hearing that the Detroit police files could not substantiate them.

## Quebec Pair Stands Trial In Killing

QUEBEC, April 14.—(UPI)—Control Aselin and Emmanuel Audet, guards at St. Michel Archangel mental hospital, yesterday were committed for trial on manslaughter charges after another hospital attendant testified that he had beaten a mental patient to death.

The patient, Arthur Pare, 48, died April 5 in the mental institution outside Quebec City. Aselin, 31, of St. Damien de Beloeche, and Audet, 34, of suburban Giffard, were up for preliminary hearing when Jean-Paul Blouin, 20-year-old guard, took the stand.

Blouin said he was showing Pare how to mop the floor when Aselin and Audet arrived. Aselin called out names at Pare, who jumped on the guard.

Injuries listed. Blouin said Aselin and Audet then put Pare on the floor and struck him with their fists and kicked him. Pare then was taken to another room.

Aselin came out a few minutes later and Blouin guarded him as he lay. "They are going blind," Pare is dead.

Dr. Mathieu Samson, radiologist and pathologist at the hospital, testified the autopsy showed Pare suffered a fractured nose, fractures of the cartilages in the larynx, fracture of the breastbone, seven fractured ribs, abdominal injuries and blood clots in the lungs.

**WIFE OF FRED ROSE RUNS IN BY-ELECTION**

MONTREAL, April 15.—(CP)—The Montreal Gazette in a new-page story today says that Mrs. Fred Rose, wife of a former member of Parliament convicted on espionage charges, will be Labor Progressive party candidate in the forthcoming Montreal Carlier by-election April 16, 1945. Rose was one of 20 persons named in 1947 by a royal commission investigating espionage in Canada and he subsequently was sentenced to prison.

The Gazette says it has "learned from sources close to the party" that Mrs. Rose will give the support of Harry Blinder and Gullie Caron, former LPP candidates in the riding in federal and provincial elections.

**Tax Bill Okayed**  
WASHINGTON, April 14.—(AP)—A bill that would levy an estimated \$112,000,000 in income taxes on life insurance companies in the United States for the years 1949 and 1950 was passed by the Senate today. The measure is an amended version of a bill passed by the House of Representatives in January to collect an estimated \$88,000,000 in taxes on the investment income of life insurance companies for the years 1947, 1948 and 1949.

**INSIDE HOLLYWOOD**

By Bob Thomas  
HOLLYWOOD.—(AP)—Maria Montez, back in Hollywood after a two-year absence, says she will work in the town only "if they offer me the right roles and pay me the money I am accustomed to."

But, she added, most Hollywood films today are "pretty stinking." The fiery native of the Dominican Republic is here briefly to attend to her suit against producer Seymour Nebenzahl, who, she says, owes her money for her services in "Siren of Atlantis." That was her latest Hollywood film and she admitted it was "very bad."

"No wonder I couldn't get any good roles here after that one," she said.

**TREATED BADLY**  
After finishing the picture, she and her husband Jean Pierre Aumont left for Europe. She had concluded a contract with Universal, where she starred in many of leopard skin and sarong as queen of exotic fantasy. When she left, she felt she was "treated badly for a girl who had made the studio \$17,000,000, let's face it."

In the last two years, Maria has been working almost steadily in pictures in Europe and is booked up for a year in advance. Now, she reports, there are more Hollywood stars working in Europe than there are working in Hollywood.

## Claim Company Trailer Truck Caused Death In Car Crash

Suit has been filed against Western Carriage and Storage Limited for \$30,125 as a result of a fatal accident last October.

Plaintiffs are Mr. and Mrs. H. Zaff, Stoney Plain, whose son, Norman, 15, was killed when a truck-trailer owned by the company crashed into their auto.

Mr. and Mrs. Zaff were driving east on 144 street near 110 street. The truck, pulling the post-trailer, was going west. As the two vehicles approached, the trailer broke away from the rear of the auto where the boy was sitting, it is claimed.

Herman Zaff suffered head, arm, leg, and chest injuries. He was taken to St. Mary's hospital and died on April 14. The Zaffs claim special damages of \$25,000 for medical and funeral bills and for the loss of their son. They ask \$30,125 for their auto which was destroyed. # Missing Plane Still Sought

STOCKHOLM, April 14.—(AP)—Equipment dropped by aerial searchers raised brief false hopes today of a clue to the United States Navy privateer patrol plane missing with its crew of 10 since Saturday.

As 16 U.S. planes continued to comb the Baltic area, search authorities identified a piece of wood found by fishermen as part of a smoke-float boat dropped last Wednesday when a searching B-17 pilot observed what he thought was a life raft.

An inscription in English on the grey wooden piece half a yard long, earlier led Swedish naval authorities at the Kaskasua base to believe it might be part of the missing plane.

# Fourth Estaters See Series Pix

Members of the press and radio, along with civic dignitaries, including Mayor Sid Parsons, Commissioner D. B. (Dud) Mentzer and Police Chief Reg. Jennings, were guests last night at a showing of the 1949 World Series films.

Hosts for the occasion were John Ducey, Ken Samis and Cal Fickles, the men behind Eakies and Dodgers, local entries in the Big Four Baseball league. At the same time money theory Samis and Pickles tossed in as 'added' short, some being invited play as depicted by the series. And Gil Hodges, first baseman of the Philadelphia 'A's' and Brooklyn Dodgers, respectively, and third series, 52, and the series by a sacker George Kell, Detroit, and Bob Elliot, Boston Braves.

The camera end of last night's gathering was well handled, both the series film, chronicling New York Yankees defeat of Brooklyn Dodgers, by four games to one, as well as the activities of the series, American league batting champion Kell and Elliot, were enjoyable and interesting.

Following the films, a taxi dinner was served. Mayor Parsons expressed his pleasure at being present. "Insofar as baseball is concerned, John Ducey has been given every opportunity by the city," he pointed out. "Now it's up to him to present for the citizens of Edmonton the kind of baseball they deserve."

In this Ducey seemed to concur. Police Chief Jennings and Commissioner Mentzer likewise expressed their pleasure over having the chance to view the major league series in action.

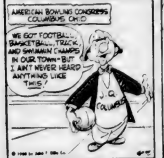

Other guests included Fred Kemp, through whose co-operation the 'A's' was held in the Edmonton club. Dr. C. B. Glen Dobson, Pat Boyan and Ed Morris, manager of the Braves.

## B.E. Games Star Is Invited To World Meet

VANCOUVER, April 14.—(CP)—Bill Parrell, Canadian champion skier, has been invited to the world title ski championship at Los Angeles June 7, it was learned yesterday.

However, it is unlikely Parrell will take part. Bruce Hunter, who coached Parrell to a British Empire games title record of 43.1 seconds, said of conditions would present too many obstacles.

# EAC Would Lead Composite Club

By Dick Deidous  
Ever since Prince Albert Minton breezed through EAC earlier last month, Edmonton's junior hockey heat has been quieter than a graveyard at midnight.

Suddenly, yesterday, the skeletons in that graveyard came to life with a report which will echo in junior hockey committee rooms across the west for some weeks to come: EAC went to lead the way in the formation of a composite club to represent this city in the Western Canada Junior Hockey league.

As outlined by president H. L. (Budd) Williamson's letter below, EAC suggests that composite club, formed from the ranks of Edmonton's four athletic clubs, be operated by an independent body like the Edmonton Exhibition Association.

Whether the other athletic clubs will go for an idea which EAC backed and laid spring is debatable. But observers close to the junior hockey scene feel that they will.

Henry White, Maple Leaf hockey director, is believed to be in favour of the plan. As it is also believed that EAC and Maple Leafs do more than likely be sanctioned by South Side and Canadian.

More than that, the Canadian Athletic Association is strongly felt that Edmonton should have a team which will be a credit to the city.

Reason for this is that in the years of the Edmonton was a power to be reckoned with in Canada's junior league (1931-1948) the city has been a power of nearly 10,000 a season. Business, naturally, is not as good in centres like Regina, Medicine Hat and Lethbridge where some of the better junior hockey is being played today.

Teams in the Western Canada Junior Hockey league will naturally be expected to represent the city. This area, after all, is a happy hunting ground for good junior talent for the WCHL.

But with the CAHA supporting an Edmonton entry, the WCHL would have little reason but to allow a team from this city to join its ranks.

Dear Sir:  
Since the details of our club by the Prince Albert Herald, we have been asked to enter into the Western Canada Junior Hockey league, the Edmonton Athletic Club has been asked to enter into the Western Canada Junior Hockey league.

After the league has been formed, we realize that the nature of hockey which is being played in our Junior Hockey league does not warrant the nature of the Western Canada Junior Hockey league.

# Laprade Sparks Rangers To 3-1 Win Over Detroit

By Fraser Macdonald  
TORONTO, April 14.—(CP)—Edgar Laprade scored twice in the third period last night as New York Rangers defeated Detroit Red Wings 3-1 before 12,896 fans to tie up their best-of-seven Stanley cup hockey final 1-1.

Laprade, wearing a leg brace because of an injury in the closing week of the National Hockey league scheduled season, climaxed a terrific night's play with his second goal.

It came on a dazzling individual rush. He flipped the puck into the corner of the net as he went falling past towards the boards.

Right wing Gerry Couture whipped a shot just inside the post from 12-foot range after a risk wide pass from Marty Pavelich put him in the clear. Pavelich got off his hockey gear in the dressing room after he scored the winner and clincher in Rangers' 31 victory over the favored Detroit Red Wings.

"I had pretty good luck tonight," said Laprade. "The goalies are all tough to beat in the playoffs." The New York victory tied the best-of-seven final series at a game apiece but Rangers didn't seem over confident.

"It's still anybody's series yet," commented coach Lynn Patrick as he mingled with the players. In the Detroit dressing room where the Red Wings players seemed relaxed despite the defeat, manager Jack Adams said "We didn't deserve to win tonight the way we played."

"No injuries tonight," coach Tommy Gorman of Red Wings said. "In fact we didn't play hard enough to get any injuries."

The Detroit team, which left by bus for Hamilton after the game, will rest today for the third game here tomorrow night.

capacity of Maple Leaf Gardens. It was the first time in 30 years that two non-Toronto teams engaged in a Stanley cup playoff on Toronto ice.

The last time was in 1920 when Seattle and Ottawa played two games here. Rangers played two games here for two home games in the present series because their home rink, Madison Square Gardens has been taken over by a circus.

Laprade got by himself and suffocated his way nifty past defenseman Clare Martin before flipping the puck into the closest corner. He had only inches of the open net for his target.

Referee George Gravel handed out two penalties, both to the Red Wings. Joe Carvett went off in the first period for hooking. Stan and the other was Abel's second period sentence.

The teams play the third game here Saturday night before moving back to Detroit where they will finish out the series.

The Toronto fans, their own Maple Leafs knocked out of the Stanley cup hunt last night, took Rangers to their hearts.

They cheered as lustily for New York scorers as they did in the semi-final series for Toronto. The attendance of 12,896 was roughly 300 over seating capacity.

DETROIT — Jimmy Reiss, Stewart and Kelly, Detroit's top scorers, were out of the game in the semi-final series for Toronto. The attendance of 12,896 was roughly 300 over seating capacity.
